RCMP police car dragster to race at Northern Lights Raceway this weekend

This Saturday and Sunday is the opening weekend of the Fort St. John Drag Racing Association's schedule at Northern Lights Raceway, and races for the Father's Day weekend will feature a unique car. A retired 2000 RCMP Camaro will be among the cars participating in races over the two days.

OK Tire is sponsoring the Y.I.E.L.D. (Youth Initiatives & Education in Lifestyles & Driving) Association to bring the car to the races, as a way to promote positive lifestyle choices for youth. The car will be driven by Constable Gord Buck of the Stony Plain/Spruce Grove RCMP.

The Y.I.E.L.D Association promotes responsible driving, healthy life choice, continuing education, and open communication between youth and law enforcement.

Races on Saturday and Sunday at Northern Lights Raceway are slated to get started at 11 a.m.
